

13/6/2022 22:36

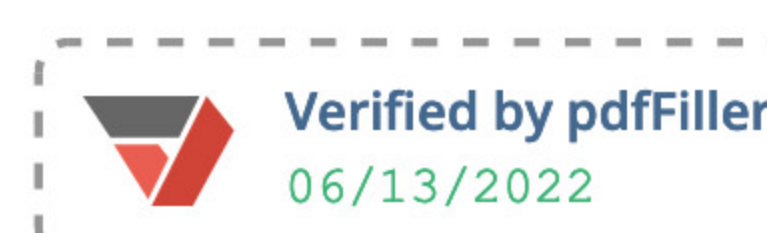

Patient : Mariana Matos

Study number : 1.3.6.1.4.1.14519.5.2.1.7009.2403.129940714907926843330943219641

Anotations

The patient seems to have a healthy torax. Although there are some zones in the longs that are a little strange.

With the best wishes:

André Freixo
